Roger,

Re loan of receivers to BBC, on 4 June I wrote to Hill asking him to advise me what he and Campbell had done in their attempts to obtain the four Collins receivers with pound sterling, as Mr. Campbell told me he would do before asking us further. I have not heard from him since then. had insisted on hearing from BBC/MS first, before sending the receivers. You may be aware that the subject of receivers for BBC came up at a staff meeting about six weeks ago. I asked Alan whether or not he thought I should ask BBC again, stating I thought not. He said, "No, let's let them respond if they want the receivers."
